2. MAP SCREEN

US1020LIa

No.	Name	Function	Page
1	North-up or heading-up symbol	This symbol indicates whether the map orientation is set to north-up or heading-up. Selecting this symbol changes the map orientation. Both north-up and heading-up symbols display the vehicles direction as a letter (e.g. N for north).	50
2	Scale indicator	This figure indicates the map scale.	49
3	Zoom out button	Select to reduce the map scale.	49
4	"◄◄ Off"	Select to obtain a broader view. Some of the buttons on the screen will not be displayed. They are displayed again by selecting "On ►►".	132
5	"Mark"	Select to register the current position or the cursor position as an address book entry.	42

No.	Name	Function	Page
6	"Route"	Select to change the route.	99, 101
7	"Show on Map"	Select to browse information about guidance route, to set the POI (Point of Interest) icons to be displayed on the screen, to record the route, etc.	106, 340, 365
8	Zoom in button	Select to magnify the map scale.	49
9	Foot print map button	Select to display the foot print map and the building information.	49
10	"Map Mode"	Select to display the "Map Mode" screen.	46
11	Distance and time to destination	Select to display the distance, estimated travel and arrival time to the destination.	98
12	XM indicator	This mark is displayed when XM information is received.	338, 340
13	"GPS" mark (Global Positioning System)	Whenever the vehicle is receiving signals from the GPS, this mark is displayed.	141

*: Press and hold the **"PWR·VOL"** knob for 3 seconds or more to turn off the screen and restart the navigation system. Do this when the vehicle-mounted device response is extremely slow.

INFORMATION

● Remove dirt from the display and its surrounding area by lightly wiping with a soft, dry cloth, such as a cloth used for cleaning glasses with plastic lenses. Scrubbing too hard or using a hard cloth could scratch the display. Also, the display is treated with a coating, and could be damaged by coming into contact with benzine or alkaline solution.

● When the screen is viewed through polarized sunglasses, a rainbow pattern may appear on the screen due to optical characteristics of the screen. If this is disturbing, please operate the screen without polarized sunglasses.

QUICK GUIDE

2. "Destination" SCREEN

The "Destination" screen enables a destination search. Press the **"MENU"** button on the Remote Touch, then select **"Destination"** to display the "Destination" screen.

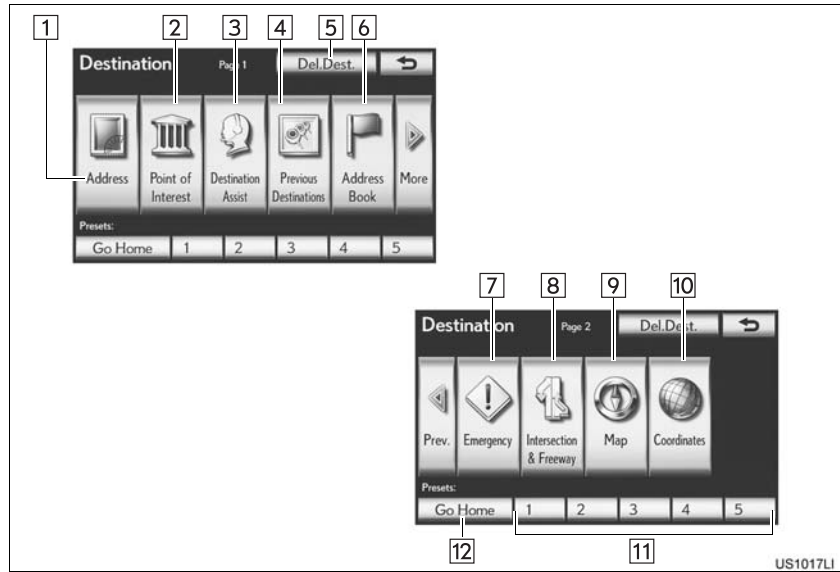

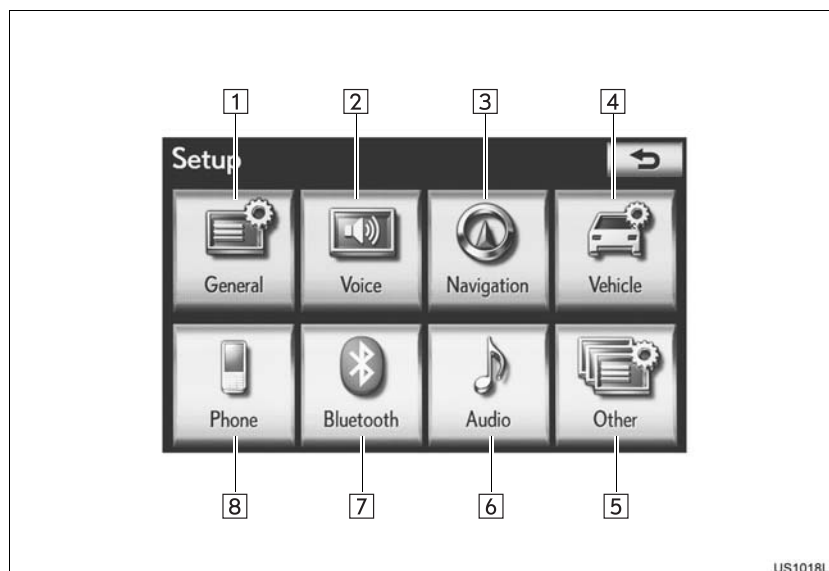

No.	Name	Function	Page
1	"Address"	Select to input a house number and the street address using the input keys.	72
2	"Point of Interest"	Select one of the POIs that have already been stored in the system's database.	75, 363
3	"Destination Assist"	Select to provide you with live assistance finding destinations via the Lexus Enform with Safety Connect response center.	82, 361
4	"Previous Destinations"	Select a destination from any of the last 100 previously set destinations and from the previous starting point.	82
5	"Del.Dest."	Select to delete set destinations.	88

No.	Name	Function	Page
6	"Address Book"	Select the desired location from a registered entry in "Address book". (To register address book entries, see "REGISTERING ADDRESS BOOK ENTRIES" on page 117.)	83
7	"Emergency"	Select one of the 4 categories of emergency service points that have already been stored in the system's database.	83
8	"Intersection & Freeway"	Select to enter the names of 2 intersecting streets or a freeway (interstate) entrance or exit. This is helpful if only the general vicinity, not the specific address, is known.	84
9	"Map"	Select to enable setting a destination by specifying a location on the map screen.	87
10	"Coordinates"	Select to enter latitude and longitude coordinates.	87
11	Preset destination buttons	Select one of the 5 preset destination points as a destination. If a preset destination point has not been registered, a message will be displayed asking if it is desirable to set a destination to the preset screen button. (To register a preset destination, see "REGISTERING PRESET DESTINATIONS" on page 114.)	71
12	"Go Home"	Select your personal home address without having to enter the address each time. If a home address has not been registered, a message will be displayed and the setting screen will automatically appear. (To register home, see "REGISTERING HOME" on page 111.)	71

3. "Setup" SCREEN

The items shown on the "Setup" screen can be set. Press the **"MENU"** button on the Remote Touch, then select **"Setup"** to display the "Setup" screen.
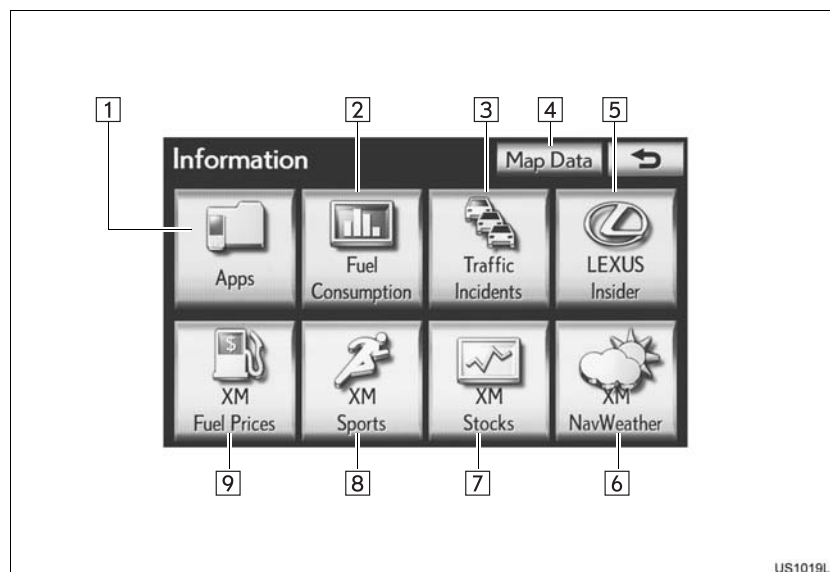

No.	Name	Function	Page
1	"General"	Select to change the selected language, operation sound, automatic screen change settings, etc.	52
2	"Voice"	Select to set the voice guidance settings.	64
3	"Navigation"	Select to set home, preset destinations, address book, areas to avoid, etc. or to delete previous destinations.	110
4	"Vehicle"	Select to set vehicle information such as maintenance information.	135
5	"Other"	Select to set Lexus Insider, XM Sports, XM Stocks and XM Fuel Prices.	342, 369
6	"Audio"	Select to set iPod and HD Radio™ channel settings.	287
7	"Bluetooth*"	Select to set Bluetooth® phones and Bluetooth® audio devices.	195
8	"Phone"	Select to set the phone sound, phonebook, message settings, etc.	173

*: Bluetooth is a registered trademark of Bluetooth SIG, Inc.
